DIVISION OF
OIL, GAS & MINING

Dear Mr. Braxton:

This letter is in reference to Continental Lime Company's reclamation variance proposal.

It is our recommendation that the highwalls be blasted and contoured so as to eliminate any human and wildlife hazards. All other roads within the quarry complex should be reclaimed. We are in agreement that the road from the plant to the quarry should be left as it is when Continental Lime ceases to operate.

Sincerely,

Dave Henderson
Area Manager
